EDUCATION

Bachelor of Science – Physics
Universiti Teknologi Malaysia
2011 – 2014

Master of Arts – Physics
Western Michigan University
2016 – 2019

- Research Focus:**
Designing a mastery-based instructional model for physics learners using Bloom’s Taxonomy principle

SKILLS

- Instructional Design & Curriculum (ADDIE Model)
- Adult & Senior Learner Focus
- Digital Learning & Microlearning (Thinkific, Loom)
- Learning Evaluation & Continuous Improvement (Bloom’s Taxonomy, 2 Sigma)
- Program Coordination & Stakeholder Engagement

RELEVANT EXPIRENCE

Lead Facilitator
Employ to Empower

Mar 2025 – Present

- Lead hybrid and in-person classes focusing on entrepreneurship and business skills for adult learners facing systemic barriers
- Design and deliver training modules using ADDIE Model to structure learning objectives, content delivery, and evaluation
- Deliver micro-training on Canva, Google Gemini, Google Workspace, and Microsoft 365 tools to improve learning and business development
- Develop digital learning content and asynchronous course materials using Thinkific
- Create instructional video tutorials and training walkthroughs using Loom to reinforce workshop content and support learner engagement
- Provide 1:1 coaching and mentoring to support skill development and reinforce learning outcomes

Sr. Post-Secondary Inclusion Facilitator
University of British Columbia

Jun 2022 – Dec 2024

- Empowered students with developmental disabilities to navigate academic, social, and career pathways
- Redesigned and managed courses as administrator within Canvas LMS, adapting materials and assessments for diverse accessibility needs
- Facilitated workshops and co-designed inclusive course materials, supporting participants’ academic and career readiness
- Provided 1:1 coaching and guidance to reinforce learning and support skill development
- Built and maintained partnerships with university departments, school districts, and community organizations

Employment Engagement Coordinator
Mission Possible

Sep 2021 – Feb 2022

- Facilitated structured employment readiness workshops and resume development sessions primarily for mature and senior job seekers
- Conducted individualized support sessions to assess employment goals, identify transferable skills, and develop practical job search strategies
- Supported participants facing multiple barriers including long-term unemployment and housing instability
- Coordinated employer relationships and supported hiring initiatives aligned with participant readiness
